## 25 YEARS OF CONTINUOUS TRANSPORTATION SERVICE

Delivering in the window (and door) of opportunity.

### TRANSPORTATION

Watsonstown Trucking Company provides transportation service to move 8,000 outbound loads per year from the manufacturing plant docks in Pennsylvania to window and door distributors throughout the United States. Our drivers perform value-added services such as unloading assistance, product scanning, and inventory management. Watsonstown Trucking Company also transports 2,600 loads per year of inbound raw materials to the plant from various suppliers in the United States.

### WAREHOUSING

Patton Warehousing provides overflow storage of inbound raw materials destined for the manufacturing plants in Pennsylvania at our Milton, PA warehouse campus. Materials are inventoried in our warehouse management system (WMS) and allocated to the manufacturing plant as needed.

### LOGISTICS

Patton Logistics provides additional transportation capacity during surge shipping periods associated with the home building industry. Our logistics service provides 24/7 support to the manufacturing plant in order to maintain a high productivity rate and around-the-clock service that provides on-time delivery to the customer.

“

*Just a note to say what a great job MIWD and Watsonstown Trucking Company does delivering our windows. We receive emails from Patton Logistics letting us know the date and time of delivery and at first, I would laugh. Who would expect a delivery time to be accurate? I need to say the delivery trucks are always on time.*
